RESEARCH INTERESTS

- **Broad:** Experimental semantics and pragmatics, syntax-semantics interface, linguistic typology
- **Narrow:** bare arguments, (in)definiteness, finiteness, differential subject marking, agreement systems
- **Languages of interest:** Uralic and Turkic spoken in Russia; Russian

SKILLS

- **Data analysis:** R, SQL, MS Excel; linear models, clustering analysis, Bayesian statistics
- **Programming tools:** Python, C#, Java, Git and command line, HTML
- **Annotation and linguistic tools:** FieldWorks, Elan, Praat, Speech Analyzer, Cool; annotation schema design
- **Ontology and knowledge engineering:** OCLC, Protégé
